## About Me

- I'm a graduate of Al Azhar university – Faculty of commerce, before graduation, I Joined Egypt Computer company as a technical support (IT) but I didn't find my passion in that position so I decided to start a new career in a field where my real passion is, I resigned from it and started a 6 months to study full stack web development ,then I Joined to True Tech company , then I got an internship as a full stack web developer at webbing stone , among all that, I took online courses , watched and learned from so many educational videos on HTML, CSS, Sass, JS, J Query ,Bootstrap , Ajax, PHP Laravel, Vue JS APIs MySQL, SQL, MongoDB, Firebase, Android, Flutter..etc

## Work Experience

- **Full Stack Software Developer** (from Oct.2013 - Present)  
**True Tech Company** (<http://www.truetecheq.com>)

## Education

- Programming and Development in Udacity (<https://www.udacity.com>)  
HTML, CSS, Bootstrap, jQuery, SASS, Ajax, Databases (MySQL, SQL, Firebase, Mongo DB), Java Script PHP (Native - OOP – MVC-), Vue JS, Json, Angular, Laravel, Android, Flutter
- Bachelor Degree 2014 - Faculty of Commerce – (Accounting) – Al Azhar university
